Compass Board Meeting 11.22.22

Attendance:

Board: Jessica Roberts, Jim Balfanz, Christine Morin, Mary Seawell, Jerry Torres, Corey

Scholes, Angel Villalobos

Compass Staff: Marcia Fulton, Brandon Jones

1st Topic: Compass Academy leadership is recommending that Compass Academy opts out of the Colorado Family Medical Leave Insurance Program (FAMLI).

Discussion:

- Brief overview from Marcia (see slides shared in board materials); shared that the compass staff members were largely not in favor of participating. They all fully understood what this benefit could mean for them, but did not believe it was worth the money out of their paycheck or the Compass budget.
 - 4 employees do want to participate (which they can do, even if Compass opts out)
 - Lots of clarifying how the program works (it is not an accrued benefit, it's a state sponsored insurance program)
- Concern was raised if we opt out of participating now can we change that decision and elect to opt in later:
 - Yes, in the current construct it is possible for entities to opt-in at any point in time.
 However, once you opt-in, you are locked in for 3 years.
 - If you opt out, you are required to revisit and affirm your decision at minimum every 8 years, but again, you can revisit annually.
- If we opt out but those 4 employees opt in do they lose any benefit?
 - o No, they would still benefit fully, based on their participation in the program.
- Would employees still get the benefits of the program if they switch employers if they participate all year?
 - This depends on the employer. If they are a private employer, they may not because the private employer may have their own plan and there may not be a way for the employee to opt in to the program. However, any governmental agency, even if opted out, is required to give the employee the ability to participate in which case, yes they would benefit.
 - It is an "insurance" program so the employee is not accruing anything through their contributions/tax each pay check - that only proves their participation in the program, and therefore if something happens they are covered.
- As part of onboarding/annual benefits enrollment, employees will have the option to participate and contribute their potion.

Motion: Motion that Compass Academy will opt out of the FAMLI program and continue to support the staff members who want to participate by deducting premiums from their paychecks and send it to the state. (Mary)

All in Favor. Motion Passes

2nd Topic: Salary Adjustments

Discussion: Compass has had a policy of staying within 5% of DPS salaries. We are currently further than 5% below the DPS salary scale. Compass is recommending adjusting salaries to reflect our commitment to stay within 5% of the DPS schedule. We would do it retroactively to the beginning of the year, which would give most employees a small lump sum now and also adjust their salaries for the rest of the year, and adjust our entire salary scale.

- Strong support to give teachers more money.
- Mary recommends we consider a one time adjustment for COLA or otherwise that gives
 employees money now, but does not commit us to those funds in perpetuity, especially
 since the market is so unpredictable right now (including school funding).
- Discussion about is there a way to give staff an option of either taking a lump sum or spreading out the payments. Should we give staff a say?
- Separate the issues, there are two:
 - Adjusting salaries to be within 5% of DPS salaries
 - this seems right to do no matter what, and we do actually want to commit to at that point in perpetuity for both retention and hiring purposes - it is hard enough to recruit good teachers, our salaries need to be within range of DPS
 - Potential COLA/one-time adjustment for inflation and other market factors
 - Need to bring a separate recommendation to the board on this. It is probably a good idea and a good way to get us closer to DPS salary without being committed to it long term.
 - Recommend that a proposal be brought forward in January for the board to consider in tandem with the budget.
- Angel: Let's be clear that our goal should be to pay more than DPS to our teachers, 5% below should not be the goal.
 - All in agreement and acknowledge that we have made progress towards that, but aren't there yet.

Motion: Motion that Compas Academy adjusts the salary schedule to be in line with the set minimum policy of the DPS Salary Schedule -5%(effective 7/1) and retroactively pays teachers for this adjustment and adjusts all salaries moving forward. (Mary)

MIS 2A: Teacher Skillbuilding and Restorative Design and **Implementation**

Collaborative Solutions Meetings	80% of students identified as needing a Collaborative Solutions Meeting receive a meeting and are carried through the process with fidelity.	6th: 60% of goal met. Have noticed improvement with all kids they've identified. Doing a new one this week. 6 7th: 40% of goal met. Are enthusiastic about the process but sometimes run out of next steps for students who have no yet been successful. 8th: 8% of goal met. Incorporating CS efforts with continuation discussions during conferences this month. Celine and LeDuff continue to support in these meetings as grade levels learn the process.
Walkout Reduction	After working with someone from the Restorative Room and developing a plan, students decrease their number of walk-outs by at least 50%	 Students who rarely walk out of class (less than 3 walkouts per week) have reduced their overall # of walkouts Students who chronically walk out of class (5+ walkouts per week) continue to struggle with remaining in class (approx. 10% students in 7th and 15% in 8th grades).

Walkouts update

The school made significant shifts in walkout procedures as we moved into Semester 2. With 6 weeks of data, we were able to review progress in reducing walkouts. Based on data and what we've learned from these changes, we have modified our walkout practices.

MIS 2B: Pack with Skill building Compass Competencies

• I missed this!

Approval of Minutes (Jessica)

o Minutes will be approved at the next meeting.

Special Guest

Alicia Schaefer – has been with the school for seven years (teacher, ELD coordinator and built out programming, director of academics) and is the leader in the realm of language and academics. The goal at CA is to get students to the point where they don't need English Language Development (ED) classes. Compass Academy (CA) is selected by many families because of our work with students who are native speakers of language other than English. 23 students have come from Mexico and Central America in the past two years. CA has two ELD teachers working with upper-tier and lower-tier students. Students take ELD every day and they do not miss out on PE, art, or extracurriculars. The components of the assessment: there are 4 domains – reading, writing, speaking, and listening. The entire school is involved – all teachers are prepared to support language learners. The message is that all students are language learners.

Financial Update (Brandon/Brandon/Jessica)

- Please see the CA board packet and deck for more details.
- Brandon reviewed the financials.
- We are 50% of the way through the fiscal year.
- High level summary is that we came into the school year strong in the fund balance.

Motion to approve the December financials as presented; Jim and Jerry seconded. Motion passes.

Budget Review (Brandon/Brandon/Jessica/Marcia)

The budget projects using 58k of the fund budget. The budget has been revised based on decreased enrollment projection. The good news from the district is that PP funding went up based on updated projections. - -See budget.

Ana motioned to approve the revised budget as presented. Jim seconded. Motion passes.

Family Resolution

Marcia updated the staff on the resolution about the FMLI. CA opted out as a school but staff could opt in. The resolution document reflects the discussions that we had and the decisions the board made. This resolution is formalizing the decision.

Angel motioned to approve the resolution with the amendment as presented. John seconded. Motion passes.

Internal Review Meeting (Alexis/Marcia/Brandon)

Please see the CA board packet and deck for more details.

- MIS #1 –The goal is 3-5% improvement per quarter. Two of the three grades (7,8) met their goal in both ELA and Math.
 - o ANet There were more standards and not enough time to cover them all at this point. What was the takeaway? Staff learned how to prioritize based on what is planned for the year to make sure we connect on all. Having the teachers set goals has been a good strategy. Are we still happy with ANet? Yes, happy with the assessment. Bob will help look for potential new assessments. (IStation?)
 - o STAR data Offers the ability to get measure reading growth every other month. There are benefits to STAR. But scores vary greatly. Exploring what other options may be. Need a test that can be given in both English and Spanish.

MIS 2A and MIS 3

- o Belonging. bringing parents in has helped with a sense of belonging.
- o Student mid-year survey. Jim shared some thoughts on how to look at data. Alexis and Brandon shared more regarding the score and efforts to change the culture. Ana thanked staff for the attention given to this through PDs and asked for a follow-up on this at the next board meeting. Jerry asked if teachers were surveyed about their feelings of safety. Christine shared thoughts on the impact of changing tools.

MIS 2A

 Teacher skill building and restorative room design- The work done by staff over the break was on track. Staff focused on the group of kids who are chronic walk-outs and utilized the restorative space more strategically. Numbers are improving. Tardies – also a focus. Families are being notified of tardies.

MIS 2b

 Pack with Skill Building Compass Competencies – staff is devoting more time to supporting, coaching teachers. Teachers are supporting students to reflect on competencies. Brandon shared that the Pack continues to be strong. Grade levels have been doing initiatives to focus on goal setting and goal navigation.

MIS 3

- Family engagement is strong. 60 families attended the 8th grade parent night! Teachers are engaged with the Elevate surveys.
- Student relational mapping was a good exercise. There will be time on the PD calendar to engage with students. Bob shared that the next version of the mapping is to gauge what kids are involved with prosocial activities.
